## “Changing Times” by Bobby Sparks

### REVIEW

Great style, loving the rhythms movement, it is so joyful and full of energy. The lyrics are rock solid, and the vocalist sounds very professional. Enjoyed every moment of it, down to the last beat.

This was just one of the many reviews we've had, about tracks from this album.

Sollueshing Productions and Bobby Sparks are announcing the release of the first Bobby

Sparks CD, titled 'Changing Times'. Reggae music at it's best!!! Changing times, Mama say, Lonely road and Nuff said and all 12 tracks, were well performed by Bobby Sparks.

Great vocals and equally great lyrics with beautifully tailored songs that make up Bobby's album.

A cool mixture of musical influences, help to create a solid foundation for the alluring vocal texture of Mr. Sparks, creating an enticing CD album capable of leaving older reggae fans shaking, and new reggae fans with their jaw on the floor, housewives quivering, and getto kids feeling hip for a second or two.

Changing times is as pure and emotional as it gets.

With thick layers of instrumentation fronted by bobby's trademark fresh, in-your-face voice and a tender ear for sophisticated reggae poignancy, Bobby is able to combine the smarts of 'Dennis Brown' with the boldness of 'Bob Marley' all around a tightly crafted, hook-laden reggae album. Appealing to roots, lovers-rock, indie and pop fans alike.
